At registration, adults will be required to present proof residency. Driver's license, utility bill or closing statement will suffice as proof of residency.

At registration you will be required to give us a valid telephone number & email address when you scan your fingerprint. Should the fingerprint scan fail to take, we will issue you a card that can be used on the reader. We will only issue a card after a failed attempt to register a finger print.

Upon turning 18, minors can contact the office to request their status be changed and access to the fitness center will be granted. The individual will not need to re-register their finger print.

If you have a nanny, child care or other adults that need to be registered; please contact vanessa@maisontx.com to obtain an additional access form. The form will list the additional adults to be registered and the resident will sign the form to grant permission for the adult to be added to your account. Completing the form will allow the individual to be registered without you being present at registration.
